A Report on Tech Talk through Facebook Live Session

by

Mr. KRISHAN VEER

Technical Leader and Developer, Advocate-Security

Cisco DevNet

On

**Network Security using Integrated Threat Management
Approach**

Dated: 18 Jan 2019 at 11.00 AM

On 18th January 2019, an AICTE sponsored Facebook Live Session was held at 11 AM. on “Network Security using Integrated Threat Management Approach” by Mr. Krishan Veer, Technical Leader and Developer, Advocate Security, Cisco DevNet. for Final Year students of Department of CSE & IT at CT4 Classroom. During his talk he mainly focused on the security on the network such as firewalls and many other technologies.

He also talked about the block or allowing access to URL’s and domains, security intelligence, URL filtering, DNS sinkhole. He spoke about the management options such as FMC (Firepower Management Centre), FDM(Firepower Device Manager and CDO (Cisco Defence Orchestrator).

He also gave the live demo on DevNet SandBox Setup. This talk was very informative and definitely will do the value addition to the students. About 50 students attended the session.
