**STUDENT'S AWARENESS PROGRAM  
on  
SWAYAM-NPTEL ONLINE CERTIFICATION COURSES**

Student's Awareness Program for NPTEL Online certification course was conducted in the Electronics and Communication Department on 22.1.2019 in the seminar hall by Prof. Dr. P. Sangeetha (Department Coordinator, SWAYAM-NPTEL LOCAL CHAPTER). The students of second year, third year and final year participated in the awareness program. The students were informed about the launch of NPTEL local chapter in the college. The information about the various courses available for this session was shared with the students. The students were made aware of the fees, examination centers for NOC and exam details regarding the course. The benefits of registering through the local chapter, like providing mentors to the students were also informed to them. All the students were informed to register for the course before 28/1/19 and the schedule for current semester was also provided. The procedures to enroll for NOC was explained to the students and were further informed to take a glance of the posters from the department notice board. The students were motivated to join the course and informed about the importance of the course in terms of GATE preparation, discussion forum and live interactive session by IIT faculty.
