## BRIEF REPORT

A one day workshop on “Awareness of CAD Software” was organized by Department of Mechanical Engineering on 11-07-2019.

F6 Design and Training Solutions, a premier training organization delivered presentation on “Awareness of CAD Software”. The main aim of programme was to create a platform for various training programmes needed for bridging a gap between employment opportunities, skills and knowledge base.

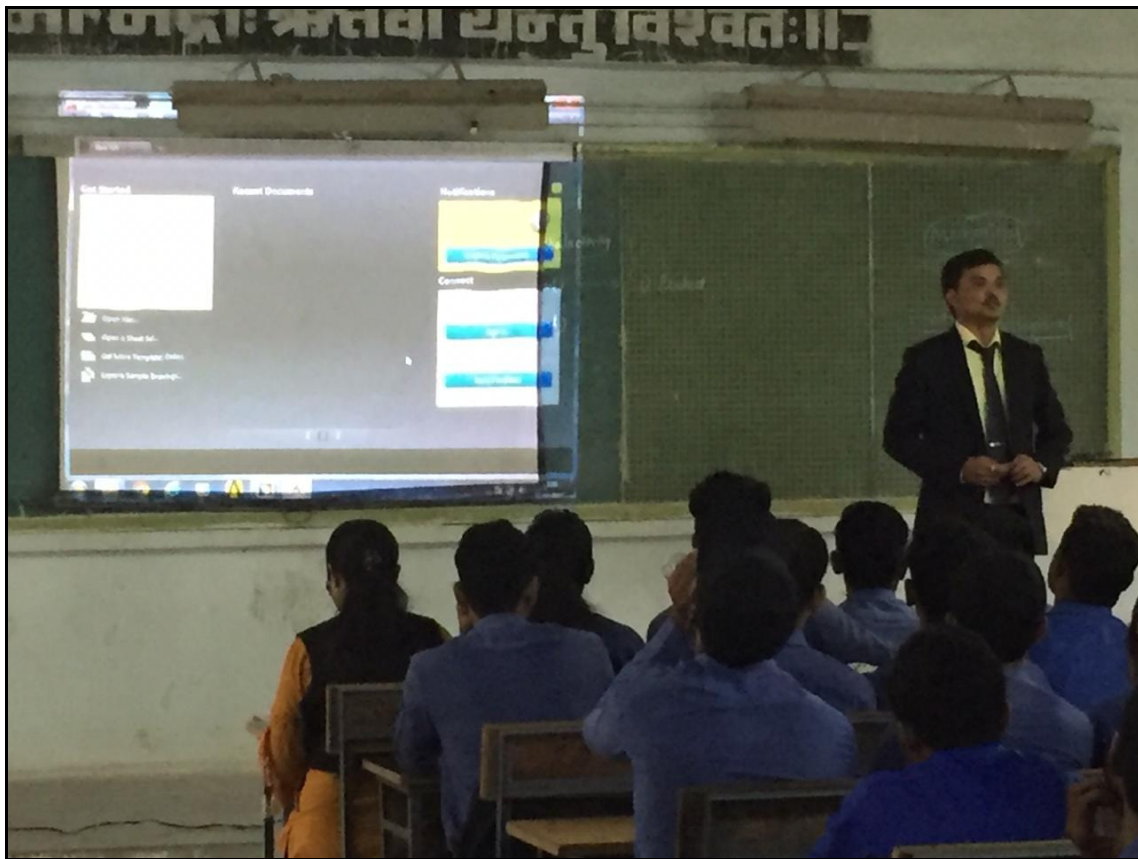

On the occasion Ms. Barkha Purohit & Mr. Jadhao highlighted about CAD software such as Auto Cad, CREO, CATIA & Ansis.

They showed students live examples of CAD softwares and new practices in industries. Students of final year and third year participated in event.

Prof. P.H. Sahare and Prof. M.N. Buradkar worked for success of programme.
